**VENTURA LIMONCELLO WINS BRONZE MEDAL
AT 2008 INTERNATIONAL WINE & SPIRIT COMPETITION**

Ventura Limoncello, a Ventura, CA owned and operated company took 2008 Bronze Medal honors at the International Wine & Spirit Competition held in Surrey, England. The official news came today to owners James and Manuela Carling.

James Carling is pleased with this award, "In our second competition, and first overseas, we are excited to be recognized at this level." The Ventura Limoncello Company began distribution of its first product, Limoncello Originale, in February of this year. Husband and wife team James Carling and Manuela Zaretti-Carling have been producing Limoncello for personal use for over 10 years, combining Manuela's generations-old Italian family recipe with lemon varietals grown in Ventura County, CA.

Carling notes: "Our Limoncello process follows the traditional methods still used in Italy today, and the product is hand-crafted." Ventura County is the premier lemon growing region in the US and lemons are individually selected from local Ventura growers and are hand peeled. They are then infused in pure distilled spirits until the oils are extracted for color and flavor.

The Ventura Limoncello Company is currently producing Limoncello Originale (original) and expects to launch their second version, Limoncello Crema (creamy), this fall. Production of Limoncello Originale began in December, 2007, with the first availability in February, 2008.

Award winning Limoncello Originale is currently available in over 40 restaurants and liquor markets. You can visit www.venturalimoncello.com/buy.htm to find locations that carry and serve Ventura limoncello.

The International Wine & Spirit Competition results were released on June 17 at Bar 08 in London, England. Information about the International Wine & Spirit Competition can be found at www.iwsc.net. Medal winners from this year's competition are now posted.
